Independent Auditors' Report to the Trustees of the Welsh Books Council

We have audited the financial statements of the Welsh Books Council for the year ended 31 March 2009 which comprise the Statement of Financial Activities, the Balance Sheet and the related notes. These financial statements have been prepared under the accounting policies set out therein.

This report is made solely to the charity's trustees, as a body, in accordance with Sections 43 and 44 of the Charities Act 1993. Our audit work has been undertaken so that we might state to the charity's trustees those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the charity and the charity's trustees as a body, for our audit work, for this report, or for the opinions we have formed.

Respective responsibilities of trustees and auditors

The trustees' responsibilities for preparing the financial statements in accordance with applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice) are set out in the Statement of Trustees' Responsibilities.

Our responsibility is to audit the financial statements in accordance with relevant legal and regulatory requirements and International Standards on Auditing (UK and Ireland).

We report to you our opinion as to whether the financial statements give a true and fair view and are properly prepared in accordance with the Charities Act 1993. We also report to you if in our opinion the information given in the Trustees' Report is not consistent with the financial statements.

In addition we report to you if, in our opinion, the charity has not kept proper accounting records, or if we have not received all the information and explanations we require for our audit.

We read the Trustees' Report and consider the implications for our report if we become aware of any apparent misstatements within it.

Basis of audit opinion
We conducted our audit in accordance with International Standards on Auditing (UK and Ireland) issued by the Auditing Practices Board. An audit includes examination, on a test basis, of evidence relevant to the amounts and disclosures in the financial statements. It also includes an assessment of the significant estimates and judgments made by the trustees in the preparation of the financial statements, and of whether the accounting policies are appropriate to the charity's circumstances, consistently applied and adequately disclosed.

We planned and performed our audit so as to obtain all the information and explanations which we considered necessary in order to provide us with sufficient evidence to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or other irregularity or error. In forming our opinion we also evaluated the overall adequacy of the presentation of information in the financial statements.

Opinion
In our opinion the financial statements give a true and fair view, in accordance with United Kingdom Generally Accepted Accounting Practice, of the state of the charity's affairs as at 31 March 2009 and of its incoming resources and application of resources for the year then ended, and the financial statements have been properly prepared in accordance with the Charities Act 1993.

Notes

1 Deferred taxation has been ignored.
2 Compensatory Added Years benefits which are recharged to the employer have been included in the liabilities and contributions for the purpose of FRS 17 calculations.
3 Disclosures required in relation to assumptions, assets and expected returns on assets are provided on a separate schedule.
4 The consultants have not carried out any specific investigations in relation to whether the average age of membership has increased, but they have not been given any reason to believe that there have been substantial changes since the 2007 actuarial evaluation. For any employers who are not admitting new entrants to the Fund the average age can be expected to increase gradually over time.
5 As part of their data request, the consultants have asked to be notified of the following events in relation to each employer: Best Value outsourcing of more than 5% of the workforce; bulk transfer to or from the Fund of more than 5% of the employer's workforce; amalgamation/reorganisation of employers; redundancy/restructuring programmes involving a loss of more than 5% of the workforce; and average real pay increases of more than 3% in excess of the assumptions adopted. Only the events listed above have been notified to the consultants.
6 In preparing these calculations the consultants have relied on the information provided to them. While they have carried out broad checks on the overall reasonableness of the details provided, the consultants do not accept liability for any errors which may arise due to incomplete or inaccurate information being provided to them.
